

English 10A Semester Exam

We have been focusing our learning this semester on Priority Standards. For this exam, you will be providing evidence of your learning for each standard.

You will submit the following in this order:

- ❑ The green Priority Standard Worksheet (inventory).
- ❑ A typed/printed, professional letter (to me!) detailing each standard and then pointing to where I will see evidence of your learning in your attached portfolio.
- ❑ A portfolio (folder/ file) of documents to show as evidence of your learning.
- ❑ Sticky notes or labels to clearly identify each standard.

Other things to consider:

- For your professional letter, consider using your Mastery Unit 1 notes.
- You *may* use one document for more than one standard, but sticky notes or labels should clearly point to the different standards.
- You may photocopy or take a photo and then print of a piece of your work for your portfolio (for instance a portion of your Mice Project, or a page from your CRJ).
- You *must* have at least 6 different documents in total (that means that I don't want you to find evidence for all 9 standards in ONE document).

Timeline:

- ★ You will have January 8- 12 and January 15-16 to work on this exam. Your portfolio is due in its entirety at the beginning of the hour on your exam date.
- ★ No late portfolios will be accepted for *any reason*.
- ★ You will NOT have time to print anything on the day of your exam.
- ★ If you come late to class *for any reason*, your exam grade will begin at a C.
- ★ This exam is worth 100 points.
